DETAILED ACTION

Election/Restrictions

1. Newly submitted claim 14 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the claim is directed to the species of the invention depicted in Fig. 7. The original claims were directed to the species of Figs. 1-6.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. The withdrawal of claim 14 was confirmed by applicant's attorney on by telephone conversation on July 24, 2008. Accordingly, claim 14 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

2. This application is in condition for allowance except for the presence of claims 9 and 10, and claim 14 directed to Figure 7, non-elected without traverse. Accordingly, claims 9-10, and 14 have been cancelled.

Allowable Subject Matter

3. Claims 2-8, 12, and 13 are allowed.

4. The following is an examiner's statement of reasons for allowance: the combination of the rod engaging the base members and the U-shaped anchor with aligned apertures.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
